

Come and join us for the

# Circularity Frontiers Summit on Glass

July 27-30, 2026

Koblenz University of Applied Sciences, Germany

**Four days. One material. Countless ideas.**

## Why Attend?

- Enjoy an open, interdisciplinary atmosphere of peers and experts
- Explore the intersection of glass, engineering and manufacturing research
- Find creative and daring solutions to challenges in teams
- Make your skills count—every perspective helps push the boundaries of circular innovation
- Join excursions to regional industry leaders

## What Topics?

- Cradle-to-cradle design of glass products
- Additive manufacturing with glass
- Glass recycling and loop-closing strategies
- Smart manufacturing and design for sustainability

## Who Can Participate?

Young researchers, students and industry professionals are welcome to participate.

## STAY IN THE LOOP!
